MORE INFO:

- The samples on TOTAL DANCE were compiled by combining the contents of four other Zero-G products - TOTAL HOUSE, TOTAL DRUM & BASS, TOTAL FUNK and TOTAL HIP HOP. In turn, those four products were originally compiled by selecting highlights from many Zero-G products, so over 100 different producers were involved in creating the original samples on TOTAL DANCE - too many to list here.
- Samples edited by: Dom Keeffe, Ian Sanderson, Keith Frankham and Dave Burgess. • Additional editing and conversion to Propellerheads REASON formats (including all ReCycle and Reason programming) by Dave Burgess. • Artwork design and DTP page layout by Ed Stratton. ©1999-2003 Zero-G Limited. ZERO-G® is a registered trademark of Zero-G Limited. Contact: info@zero-g.co.uk

Full details and demos of many other Reason Refill titles in the Zero-G range can be found at:

www.zero-g.co.uk

Note: TOTAL DANCE will also be released by Zero-G in a plug-in version powered by a custom high-performance NATIVE INSTRUMENTS software sampler interface (a playback version of NI's superb INTAKT sampler) from Spring 2004. More info at www.zero-g.co.uk

Note: The final library in the TOTAL series, "TOTAL TRANCE", is already available in REFILL format as part of Zero-G's product called "WIRED - THE ELEMENTS OF TRANCE", a library which is also scheduled to be released by Zero-G in Native Instruments INTAKT-powered plug-in format from Spring 2004.

TOTAL DANCE

REASON REFILL

INCLUDES FOUR ZERO-G 'TOTAL SERIES' LIBRARIES AS REASON REFILLS

This package contains a massive **1.8 GIGABYTES** of samples in total (unpacked), including over **2200 REX2 Loops & Grooves**, plus over **2000 NN19 & NNXT patches** (Basses, Horns, Keys, Synths, Pads, Flutes, Percussion, Guitars, Strings, FX, Stabs, Vocals), plus **40 REDRUM Drum Kits**, and over **1100 single percussion sounds**, making well over **6000 samples in total**.

This is the ultimate Reason Refill package for dance-orientated production.

Note: To use this product you need to have Propellerheads® REASON® software first!
